

Tarremah parent survey – enrolment intentions

The purpose of this survey is to collect information to assist development of the Tarremah Strategic Plan and inform the decision-making process regarding the timing of the next phases of the school’s building program to meet the needs of our school community.

The school is not seeking a definite commitment from parents about their children’s future enrolments but is seeking honest feedback about how parents are currently thinking. All surveys will be treated confidentially. We want you to feel totally comfortable about completing this survey honestly, so, unless you want some specific feedback on question 6 (over the page) do not put your name on the survey.

It has always been the long term intention of the School to provide an educational program consisting of all classes from Kindergarten to year 12. Completion of the first two stages of development has seen the establishment of a vibrant school which provides Kindergarten to Class 8.
